

# IQAX Big Schedules Advanced Package

More than 5 million sailing schedule changes occur each month due to service changes and disruptions. Shippers and logistics service providers need access to the latest schedules to optimize supply chain planning.

The IQAX Big Schedules Advanced package offers **extensive sailing schedule** and **vessel tracking** search results in addition to the basic plan offerings.

IQAX Big Schedules provides up-to-date sailing schedules for:

**27**

major ocean carriers

**7,800**

vessel services

**1.6+**

million port pairs

**90%**

world's container capacity coverage
